SUMMER SCHOOL

Summer School Programs may be authorized by the Board at the time of the final budget. However, the Summer School Program will be self-supporting, funded by tuition or categorical funds, and is subject to cancellation if such funds are insufficient.

Credit for Summer School secondary classes approved by the Superintendent will be allowed on the same basis for classes held during the regular school year.

The district's summer program of instructional offerings shall be for the purposes of remediation and enrichment. Fees shall be charged to cover costs for which revenues are not otherwise provided. To the extent that the district can absorb the cost, fees may be waived or reduced for students whose families would have difficulty paying the full fee. The USDA Child Nutrition Program guidelines shall be used to determine qualifications for waivers or reductions. Priority in fee waivers and reductions shall be given to remediation courses. Parents shall be informed of the availability of any fee waivers or reductions in the notice of the summer school program.
