STUDENT DRIVING

Given space limitations and environmental considerations, students are encouraged to car pool or use alternative methods of transportation whenever possible.

The board regards the use of motor vehicles and bicycles for travel to and from school as an assumption of responsibility by parents and students. The superintendent shall develop procedures governing the use of bicycles and motor vehicles while on school property and shall disseminate those procedures to all students so affected.

Student usage of school/district parking facilities is a privilege, not a right. Students are expected to comply with the procedures developed for usage of all transportation vehicles on Anacortes School District grounds and traveling to and from school sponsored events. Failure to comply may result in loss of parking privileges.
