

# FIRST<sup>®</sup> LEGO<sup>®</sup> LEAGUE

## **Imaginative thinking and teamwork build tomorrow's innovators**

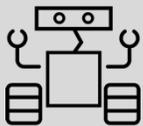

With adult Coaches to guide them, FIRST<sup>®</sup> LEGO<sup>®</sup> League teams (up to 10 members) apply science, engineering, and math concepts, plus a big dose of imagination, to develop solutions to real-world challenges. They also design, build, and program LEGO MINDSTORMS<sup>®</sup>-based robots to perform autonomous “missions” on a playing field. Along the way, they develop critical thinking, team-building, and presentation skills.

## ***What if you could build a better world? Where would you begin?***

More than ever, we must come together to innovate and solve problems. In *FIRST*, you are part of a thriving community brimming with inspiration, creativity, and hope for a stronger, more sustainable future—one that's built better together. CITY SHAPER<sup>SM</sup> Challenge now available.

The Anacortes Robotics Booster Club (ARBC) sponsors FLL teams in the Anacortes School District. Teams form as soon as school starts (some teams form even earlier) – pre-register on the ARBC website to get connected with other parents and students interested in participating this season.

## Pre-register today at
